

SCHOOL CLOSURE UPDATE FROM LANCASTER COUNTY ACADEMY

March 28, 2020

We sincerely hope this correspondence finds you in good health. This week, HACC's leadership team determined campuses will remain closed through May 17; however, Lancaster County Academy (LCA) is scheduled to re-open to students on April 9. We will maintain communication with HACC officials to determine the feasibility of this tentative return date.

On March 23, we invited all students to complete the following survey: [LCA Remote Coursework Survey](#). The survey results will be shared with our teachers to address the needs of each learner. We encourage all students to take a few minutes to complete it.

On March 12-13, teachers worked with students to develop individual plans on how they could continue coursework in the event LCA was asked to close. Students should begin working on these assignments on March 30. Resources for continued learning are also available on the [Academy's School Closure Info webpage](#).

We recognize not all families have the equipment to engage in the remote coursework posted on [our website](#). In response, we are developing mobile-friendly opportunities for students with access to a mobile device and the Internet. Information will be provided in LCA's forthcoming Continuity of Learning Plan.

Select participating school districts are facilitating device access to families in need of hardware to continue learning. Please refer to your sending school's update center to see if this option is available.

Please stay tuned for our Continuity of Learning Plan. In the meantime, be well and be safe. If you have any questions, please don't hesitate to contact the [Program Director](#). As educators, we miss seeing our students!
